

skull,
bones

an old
woman with
magic power

it's made
from apples

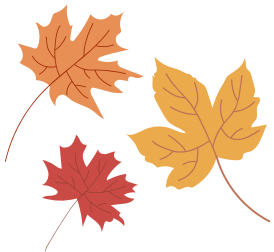

it's dead,
but still
can walk

you put it
around
your neck
to stay warm

they have
different
colours and
fall from trees

dead people
are here

a spooky
house

children love
them
and collect
them on
Halloween

it's black
and it flies
at night

it's orange
and can be
eaten or made
a lantern

it's trans-
parent,
it used to
be alive
